New Corporate Presentation

Asiamet Resources Limited ("Asiamet" or the "Company") is pleased to provide a copy of the updated Company presentation. Included in this presentation are the key Feasibility Study metrics for the BKM copper project, located in Central Kalimantan, Indonesia, together with additional Value Enhancement Opportunities including exploration potential in close proximity to the BKM mine. The Company has also highlighted the next steps following the delivery of the BKM Feasibility Study to continue to deliver value to all stakeholders.

The presentation has been loaded to the Company website and is available using the following link:
